

Coal Creek OHV Area Trail of the Month December 2011 Trail 33

Difficulty Level: Moderate

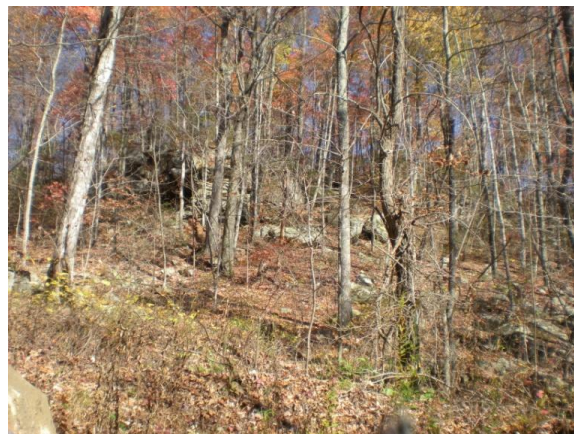

Vehicles: Open to all OHVs

Location: Duncan Flats

Directions: From the Windrock parking lot at the trail head, follow Trail 2 to Trail 16 on the right. Follow Trail 16 to Trail 18 on the right. Follow Trail 18 to Trail 28 on the right. Follow Trail 28 to Trail 29 on the left. Follow Trail 29 to Trail 30 and follow Trail 30 to the left to G 8. Follow G8 to Trail 33 on the left.

Features: Trail 33 is located on the southern portion of the property and is approximately 0.2 miles long. Trail 33 is a great shortcut between G8 and G1. The trail runs just above a creek that is located in the same hollow. The forest around the trail was harvested in 1998 and the young healthy stand is growing at a rapid pace!

At the southern end of Trail 33, take note of the Flat Woods School. This one-room school opened in 1930. It was an elementary school, with classes through 8th grade, with 10-15 students in attendance at any given time. At that time, anyone with a high school diploma could teach elementary schools. Beulah Comer was just one of the teachers at the Flat Woods School and is from the Flat Woods area. In the mid-1930's, the community began using the school as a meeting house and for church services on Easter Sunday and the first Sunday in September. When the school closed in 1958, many of the children began attending the two-room school on Braden Flats. Enjoy the December Trail of the Month!
